General Introduction

General Introduction

I. Course selection:

Mandarin Chinese courses at NTUST cannot be added online directly. Students have to go to the class they want to select in the first week and take a placement test. If they are qualified for the course, they will get an authorization code in the second week to add the course manually on the system.

II. Course Structure:

A. From True Beginner to Intermediate Levels

① Oral Training in Basic Chinese：1 level/semester
(recommended for exchange students)

② Practical Mandarin Chinese Courses：6 levels/semesters

Advanced

① Business Chinese, Basic Chinese News

② Mandarin Communication for Campus Life and Socializing :
1 level/semester

III. Grades & GPA

- **Undergraduates: The grades will be counted in GPA**
- **Graduate Students: The grades ARE NOT counted in GPA**

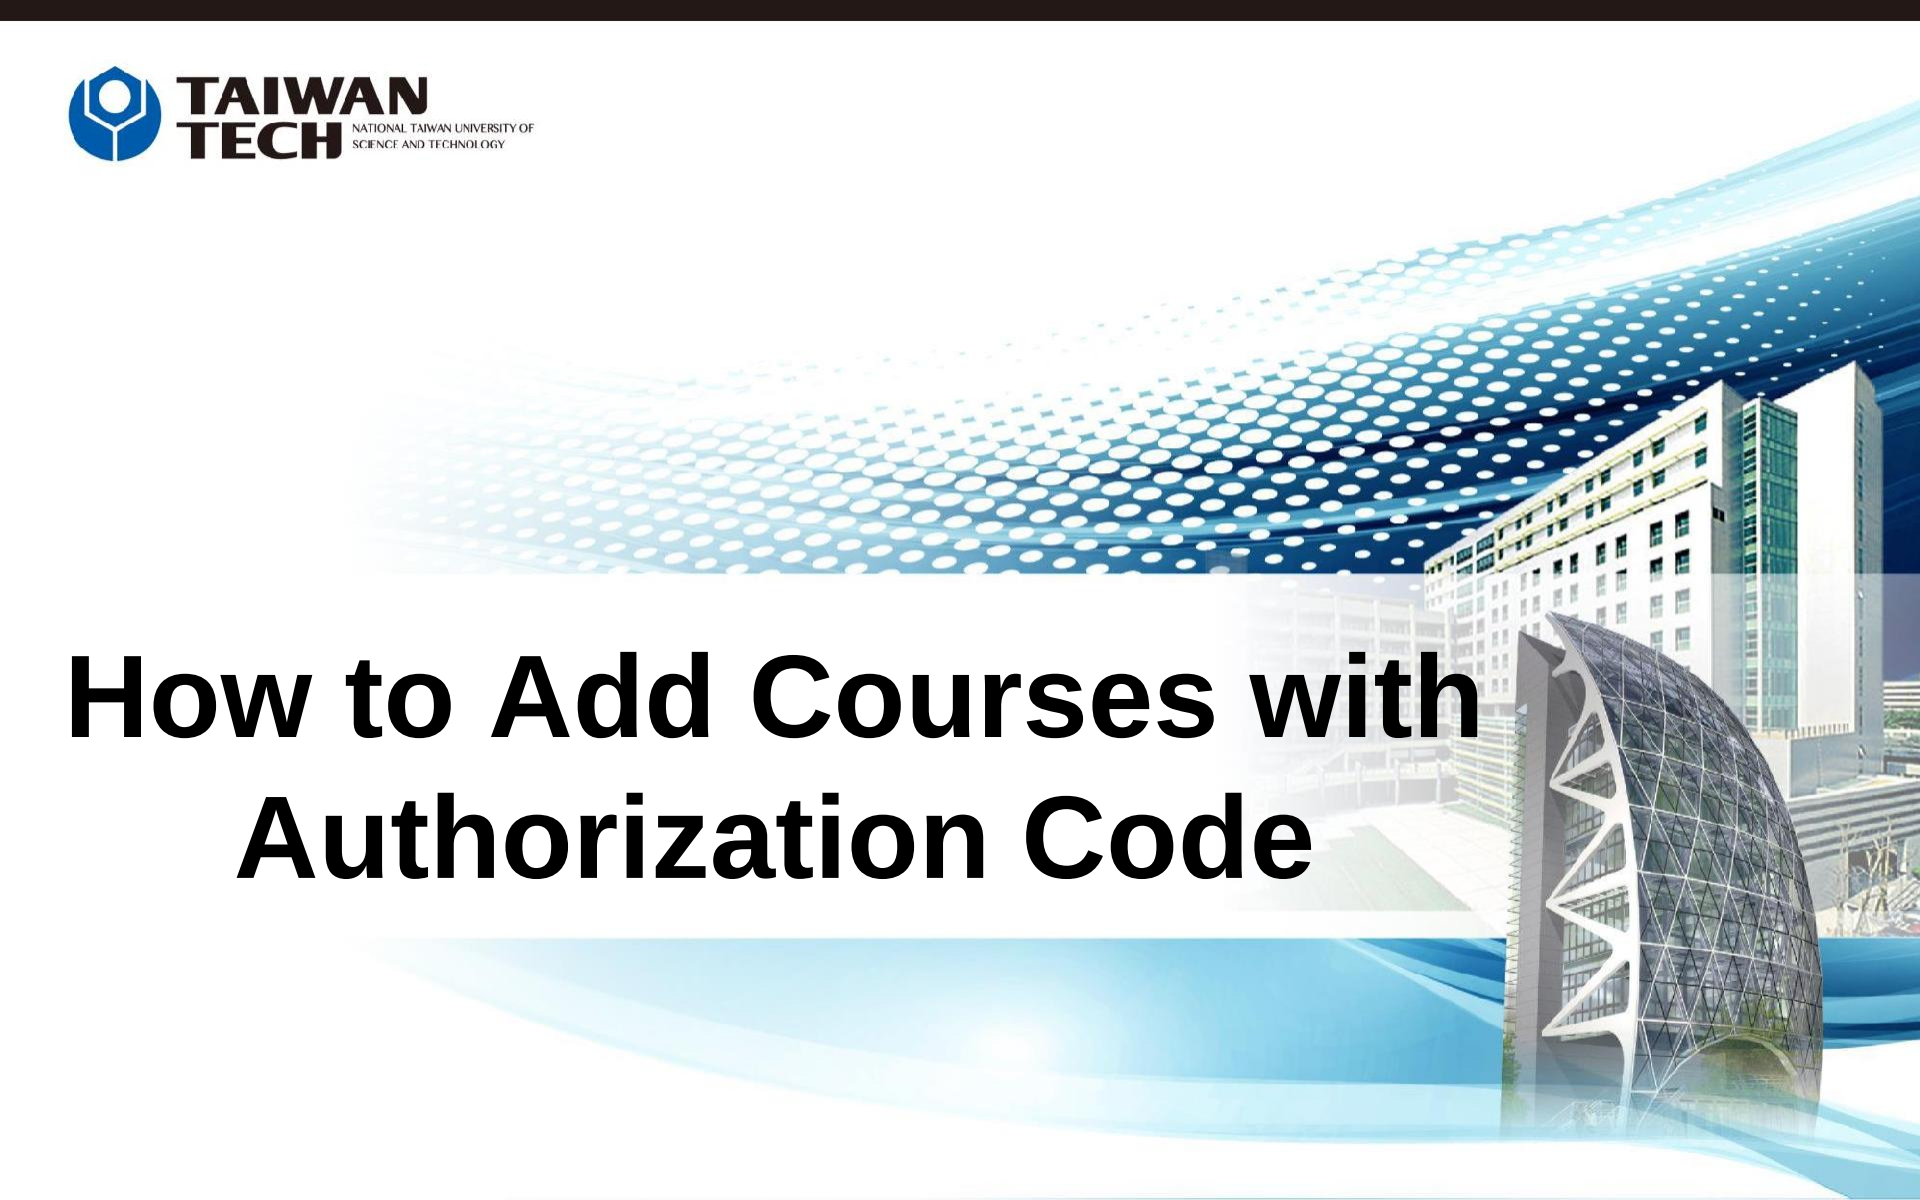
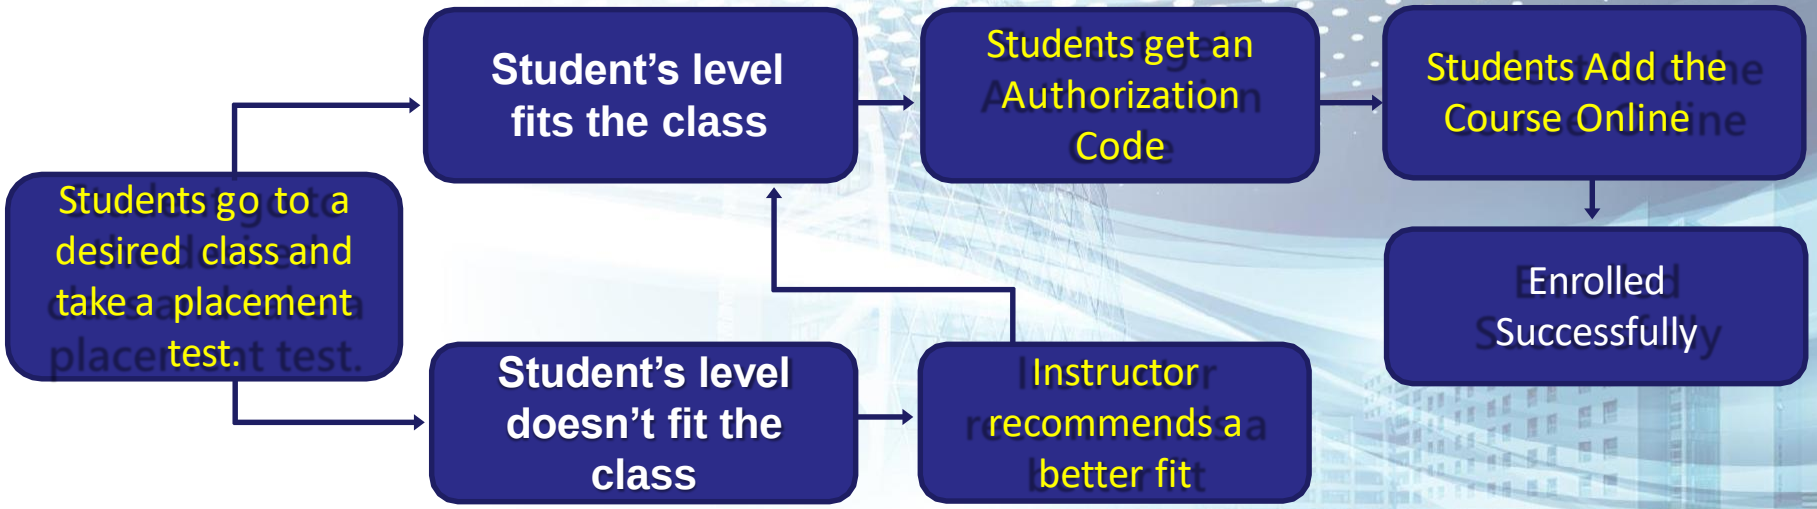
How to Add Courses with Authorization Code



How to Add a Mandarin Chinese Course

- All Mandarin Chinese courses are to be added with Authorization Codes.
- You must go to the class you wish to enroll in the first week and take a placement test. (No placement test for Basic Oral Training or Practical Level 1)
- Based on the results, the instructor will give you an Authorization Code to add the course, or recommend another course suitable for your current level.



- During the **first week 2/23 – 2/26**, students should go to your desired class and take a **placement test** in class.

  Without a placement test, you **WILL NOT** be able to take the course.

- **Based on the results of the test, the instructor will decide if this course is suitable to you.**

  If you pass: get an Authorization Code from the teacher and add the course

  If you Fail:

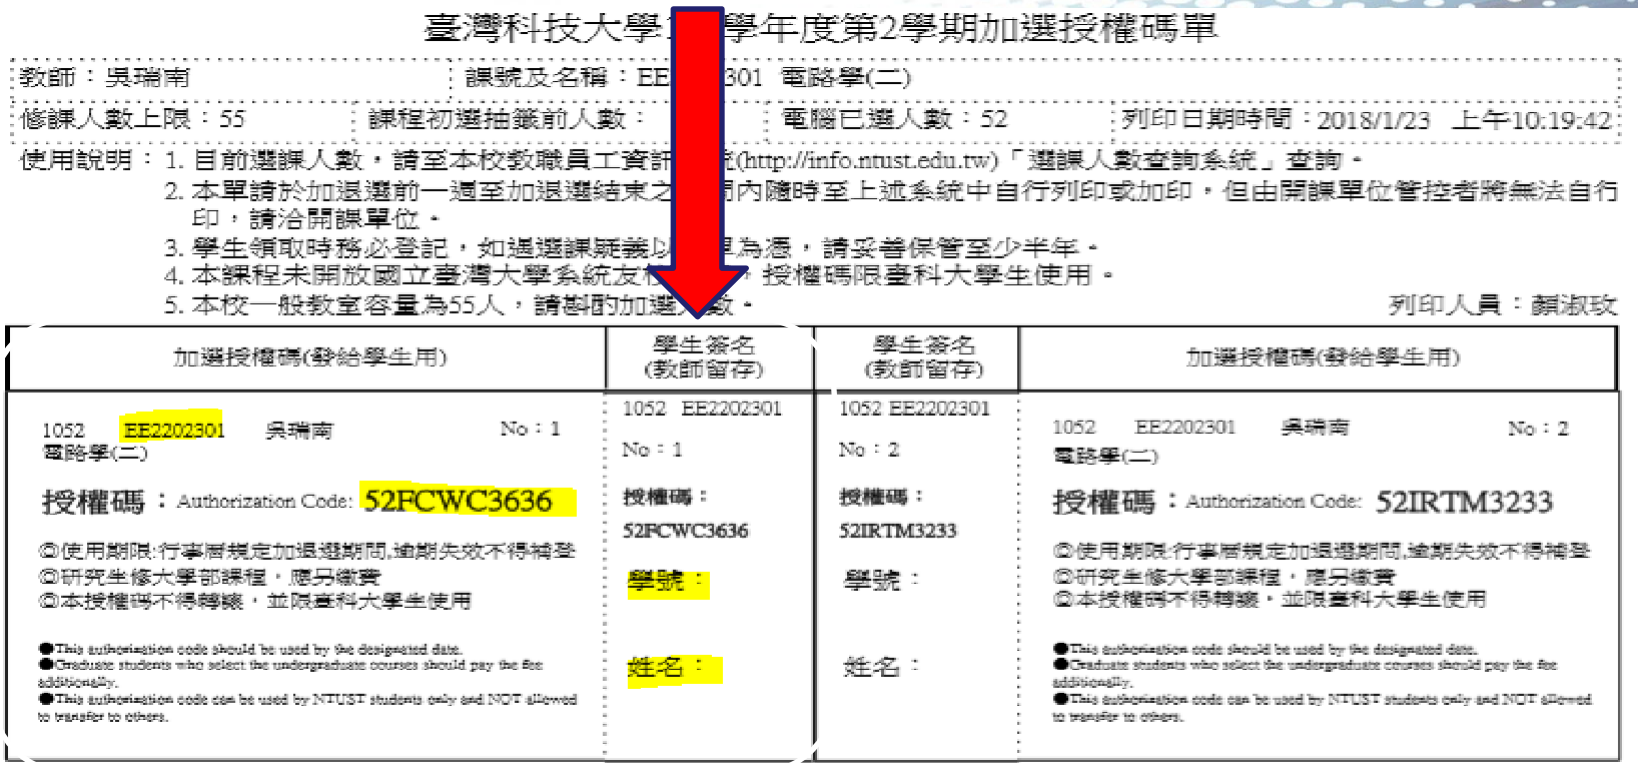
  A. Get the **placement sheet** from the instructor, or the instructor recommends a suitable course to you

  B. Go to the recommended course and get an Authorization Code from the instructor

Use an Authorization Code to Add a Course

The code is good until 3/6 (Friday), the last day for Adding/Droping

- **Step 1**：Students **sign on the sheet** provided by the instructor to obtain an authorization code. **(Do NOT give the code to anyone else!!)**



臺灣科技大學[illegible]學年度第2學期加選授權碼單

教師：吳瑞南　　課號及名稱：EE[illegible]301 電路學(二)

修課人數上限：55　　課程初選抽籤前人數：　　電腦已選人數：52　　列印日期時間：2018/1/23 上午10:19:42

使用說明：1. 目前選課人數，請至本校教職員工資訊[illegible](http://info.ntust.edu.tw)「選課人數查詢系統」查詢。
2. 本單請於加退選前一週至加退選結束之[illegible]內隨時至上述系統中自行列印或加印，但由開課單位管控者將無法自行印，請洽開課單位。
3. 學生領取時務必登記，如遇選課疑義以[illegible]單為憑，請妥善保管至少半年。
4. 本課程未開放國立臺灣大學系統友校[illegible]，授權碼限臺科大學生使用。
5. 本校一般教室容量為55人，請斟酌加選[illegible]數。

列印人員：顏淑玫

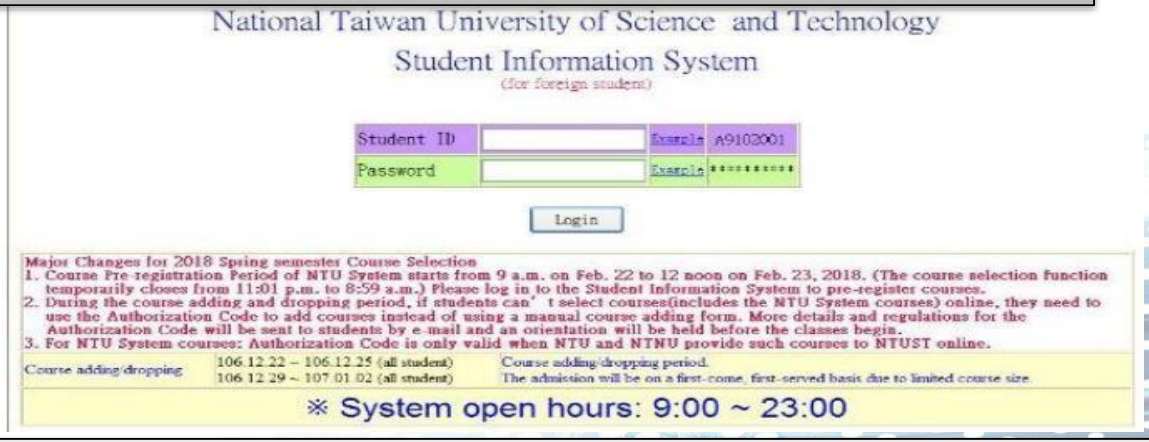
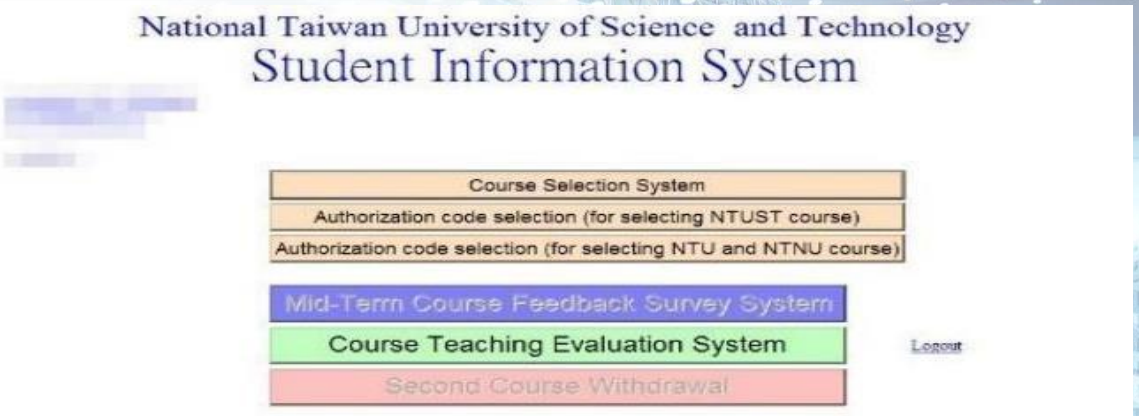
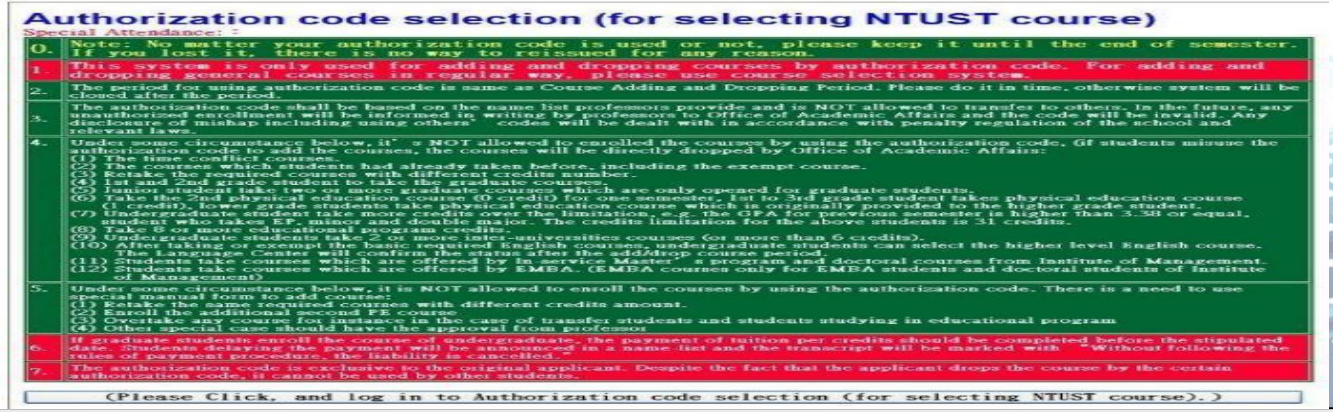
- **Step 2：Log in to the student information system.**



- **Step 3：Click “Authorization code selection (for selecting NTUST course)”**



- **Step 4：Read the statements carefully before entering the course selection system.**



Authorization code selection (for selecting NTUST course)

Special Attendance: :

0.	Note: No matter your authorization code is used or not, please keep it until the end of semester. If you lost it, there is no way to reissued for any reason.
1.	This system is only used for adding and dropping courses by authorization code. For adding and dropping general courses in regular way, please use course selection system.
2.	The period for using authorization code is same as Course Adding and Dropping Period. Please do it in time, otherwise system will be closed after the period.
3.	The authorization code shall be based on the name list professors provide and is NOT allowed to transfer to others. In the future, any unauthorized enrollment will be informed in writing by professors to Office of Academic Affairs and the code will be invalid. Any disclosure of mishap including using others' codes will be dealt with in accordance with penalty regulation of the school and relevant laws.
4.	Under some circumstance below, it's NOT allowed to cancelled the courses by using the authorization code. Of students misuse the authorization code to add the courses, the courses will be directly dropped by Office of Academic Affairs: (1) The time conflict courses. (2) The courses which students had already taken before, including the exempt course. (3) Retake the required courses with different credits number. (4) 1st and 2nd grade student to take the graduate courses. (5) Junior student take two or more graduate courses which are only opened for graduate students. (6) Take the 2nd physical education course (0 credit) for one semester. 1st to 3rd grade student takes physical education course (1 credit), lower grade students take physical education course which is originally provided to the higher grade student. (7) Undergraduate student take more credits over the limitation, e.g. The GPA for previous semester is higher than 3.38 or equal, student who takes EF, minor and double major. The credits limitation for the above students is 31 credits. (8) Take 8 or more educational program credits. (9) Undergraduate students take 2 or more inter-universities courses (or more than 6 credits). (10) After taking or exempt the basic required English courses, undergraduate students can select the higher level English course. The Language Center will confirm the status after the add/drop course period. (11) Students take courses which are offered by In-service Master's program and doctoral courses from Institute of Management. (12) Students take courses which are offered by EMBA. (EMBA courses only for EMBA students and doctoral students of Institute of Management)
5.	Under some circumstance below, it is NOT allowed to enroll the courses by using the authorization code. There is a need to use special manual form to add course: (1) Retake the same required courses with different credits amount. (2) Enroll the additional second PE course (3) Overtake any course for instance in the case of transfer students and students studying in educational program (4) Other special case should have the approval from professor.
6.	If graduate students enroll the course of undergraduate, the payment of tuition per credits should be completed before the stipulated date. Students delaying the payment will be announced in a name list and the transcript will be marked with "Without following the rules of payment procedure the liability is cancelled".
7.	The authorization code is exclusive to the original applicant. Despite the fact that the applicant drops the course by the certain authorization code, it cannot be used by other students.

(Please Click, and log in to Authorization code selection (for selecting NTUST course).)

- **Step 5：(1) Key in the course code and the authorization code.**
